G2. AC	TION AREA 2	Council partners on and supports programs to achieve a ju	st transition
2.2.1		al climate response planning meeting with local community	Apr 2024
(5.1)	action plan - Support infor	nmunity feedback and input into Council's annual climate	
	•	on is also relevant to goal 5.1)	
2.2.2		vement in the Central Victorian Greenhouse Alliance to nal projects, advocate and share knowledge	Ongoing
2.2.3		s and agreements with community groups where there is Council's climate change goals	Dec 2023
2.2.4		e support the preparation of community grant applications gn with Council's climate change goals	Ongoing
2.2.5	renewable ene	ote for all tenants of Council facilities to source 100% ergy. Support the transition by offering tenants to join VECO, wable energy generators.	Jun 2024
G2. AC	TION AREA 3	Council delivers infrastructure and advocacy that supports connected low carbon transport system	a well-
2.3.1	Continue to mo	onitor usage and cost/benefit of existing council owned EV	Ongoing
2.3.2		omes of the CVGA project investigating policies for privately irgers on Council land.	Jun 2024
2.3.3	Promote local	electric vehicle community bulk buy opportunities	Jun 2024
		nvironment and green spaces are healthy, resilient and incre	-
G3. AC	TION AREA 1	Council delivers Water Sensitive Urban Design, and partne water sensitive shire	rships for a
3.1.1		rt steps (if feasible) following feasibility study into Botanical native water source opportunities.	Jun 2024
3.1.2		maine Integrated Water Management Plan (Water for now ture) and how it can be used to support a water sensitive	Jun 2024
3.1.3		g streetscape programs seek to maximise opportunities for meability and vegetation cover.	Ongoing
		1	
G3. AC	TION AREA 2	Council delivers and partners to increase canopy cover, ec resilience and landscape connectivity	osystem
3.2.1	Management /	n with other councils, support the North Central Catchment Authority to deliver a pilot project to test the feasibility of a setting project.	Jun 2024
3.2.2		ork with First Nations, landcare and other groups such as ountry to support regeneration on public and private land.	Ongoing
3.2.3		ork with other agencies like Parks Victoria, Coliban Water, anagement Authorities etc. to identify funding opportunities ips.	Ongoing

G3. AC	TION AREA 3	Council seeks opportunities for positive environmental or private land	utcomes on	
3.3.1		accessful, partner to deliver the Creating Healthy and Drought Iscapes and Communities in Central Victoria project.	Jun 2024	
GOAL	4 Our infrastru	cture is robust in the face of current and future climate cha	ange impacts	
G4. AC	TION AREA 1	Council-owned buildings, assets and infrastructure are r for future climate	esilient and built	
4.1.1	Review how c	limate change is considered in asset renewal, maintenance cles	Ongoing	
4.1.2	Explore potential for landscaping and footpath materials that are cooler and Ongoi more permeable than traditional hard surfaces such as concrete			
G4. AC	TION AREA 2	Council uses planning controls to reduce exposure to cli	imate risks	
4.2.1	Review land u	se planning policies to strengthen climate change	Jun 2024	
4.2.2	Identify climate resilience opportunities when undertaking master planning Ongoing and strategic land use planning projects			
4.2.3	Ensure that climate responsive design is encouraged in housing and Strategies: 2024 neighbourhood character strategies Note Implementation (planning scheme amendment) estimated by 2026			
4.2.4	Incoporate clir across the Sh	mate change projections into future flood studies undertaken ire.	Ongoing	
G4. AC	TION AREA 3	Council advocates and educates for climate-resilient bui development	ldings and	
4.3.1	Design outcor	ursue opportunities to improve Environmentally Sustainable nes in subdivisions, new housing developments, and precinct s to improve a range of healthy living outcomes.	Jun 2024	
4.3.2		ommunity organisations to educate and promote benefits of sclimate proof/responsive	Ongoing	
4.3.3		er councils and alliances to advocate for improved of climate change in Victoria's planning scheme	Ongoing	
GOAL	5 Our commun	ity is connected and has the capacity to adapt to climate c	hange	
G5. AC	TION AREA 1	Council works with our community to strengthen social connection	cohesion and	
5.1.1	climate resilie	eliver and promote activities that build social cohesion for nce (examples include arts and cultural events, public art, nity lunches and events, markets, community gardens,	Ongoing	
5.1.2	Continue dialo	gue with Djaara to identify opportunities to address climate	Ongoing	
	change			

Ongoing

Continue to support the Healthy Loddon Campaspe project, which is enabling healthy, equitable and environmentally sustainable food systems.

5.1.3

5.1.4	Create additional opportunities that support young people to influence and Ongoir participate in the local climate change response (e.g. through Council's Youth Reference Group and the School Strike for Climate Group)				
G5. AC	ΓΙΟΝ AREA 2	Within our programs and services Council prioritises suppomembers of the community most at risk of experiencing vuclimate change impacts			
5.2.1	•	ding opportunities for measuring and communicating nerabilities and resilience across our shire	Jun 2024		
5.2.2	Continue to support community groups and organisations delivering local Ongoi climate resilience initiatives				
G5. AC	ΓΙΟΝ AREA 3	Council partners to reduce climate risks, and prepare for are extreme weather events	nd respond to		
5.3.1	Review the <u>Victorian Preparedness Framework</u> to ensure Council's Dec 2023 emergency management planning is comprehensive and aligned with other levels of Government				
5.3.2	•	rticipate in the Northern Victorian Emergency Management e best practice responses and regional scale solutions	Ongoing
